Micro Tip Box

Product Image

Description

Material: Polypropylene
These unique box are moulded in polypropleyene and are therefore autoclavable.The box itself is clear providing an excellent view of the tips inside while the table like structure is provided inside to hold the tips.The tip holding space are uniformly placed to facilitate the use of multi channel pipettes.The cover is joined to the base through ball catchers hinges and provides excellent protection to the tips.

Catalog No.	Particulars
