Accessories For Vacuum Pump Single Stage and Double Stage

Product Image

Description

Accessories For Vacuum Pump Single Stage and Double Stage

Accessory 1

- Pump Trolley With Trap : This mechanism can accommodate a convenient mobile vacuum source with particular attention to safety & easy to use.

Construction : Metal frame & panel is finished with a thick layer of epoxy based polyester paint, which provide a strong highly screech & chemical resistant surface. The panel is fitted with mains indicator lamp, on-off pump switch, vacuum gauge with vacuum control valve. A thick wall borosilicate glass double vapour trap is provided in between the vacuum source & the vessel to be evacuated. A thick rubber mat is provided on the vacuum pump shelf to absorb vibration & noise & heavy caster wheels are in the bottom for easy mobility. In use the vapour trap is filled with few lumps of solid silica gel.

Accessory 2

- Vacuum gauge with regulator.

Accessory 3

- Vacuum gauge with regulator and non-return valve combined.

Accessory 4

- Moisture trap with non-return valve and vacuum gauge with regulator combined.

Accessory 5

- Vacustat without mercury range 10 mm. to 0.001 mm./Hg. pressure.

Accessory 6

- Vacustat with Mercury

Accessory 7

- V-belt

Accessory 8

- Oil seals
