Capsule Polishing Machine

Product Image

Description

Capsule polishers have an ergonomic and compact design that requires less installation area while retaining capsule integrity, making them ideal for firms with limited space. The fast-joint mechanics, as well as the easy-to-assemble, dismantle, and detach brush, remove the danger of downtime during each capsule filling cycle. They are low-energy pharmaceutical machines, with the CS Capsule Sorter utilizing an air compressor.

High Quality product for use in Pharmaceutical Industry and Laboratory. Following is made in compliance with International Quality Standards and are manufactured using high-grade components and materials.
