

Description

Consists of a base board, complete with terminals, a set of metal connection pillars and a number of clips on flexible connection strips and accessory units, enabling a wide variety of electrical circuits to be constructed quickly and easily. The strips are so designed that when flexed a little in the fingers, they are easily slipped over the pass which holds them firmly in position and ensures a good electrical contact.

The following components are supplied with each board. 20 Flash lamp bulbs, 6 Connectors with lamp holder, 6 Plain connectors, 1 Connector with rheostat, 1 Rectifier, 1 Resistor, 2 Flexible leads with 4mm plug and crocodile clip, 2 Flexible leads with crocodile clips, 2 Crocodile clips, 2 Mounted bell pushes, 2 Soft iron nails, 50mm Square head, 1 Length bare copper wire 20 swg, 1 Length bare Eureka wire 34 swg, 1 Length plastic covered copper wire 26 swg, Pencil leads, 1 Plastic disc, 1 LED, 1 Piece copper foil, 1 piece steel wool.
