# Digital Automatic Viscometer, Touch Screen

## Product Image

## Description

Catalog No. 100801

## TECHNICAL SPECIFICATIONS

|                                   |  |
|-----------------------------------|--|
| Measuring Range(mPa.s)            | 20-2,000,000(mPa.s)                    |
| RPM                               | 0.3, 0.6, 1.5, 3, 6, 12, 30, 60        |
| No of Standard Spindles           | #1,#2,#3,#4 is standard configuration, |
| Measurement Accuracy :            | ±1.0% of range                         |
| Repeatability                     | ±0.5%                                  |
| Display                           | LCD Touch Screen                       |
| <b>Temperature RTD Monitoring</b> |  |
| Sensor Probe :                    | Yes                                    |
| Output                            | RS 232 Interface                       |
| Power Supply                      | AC 220V/50Hz                           |
| Dimension LxWxH (mm)              | 400 x 350 x360                         |
| Weight                            | 9 Kg                                   |

## SALIENT FEATURES

- ✓ Stepping Motor means Accurate, reliable operation
- ✓ Direct readout of all measurement parameters
- ✓ Auto Range Showing
- ✓ Time Function for measurement
- ✓ Sound alarm at under 20% Torque
- ✓ Linear calibration
- ✓ Wide range power supply:100V-240V

## STANDARD ACCESSORIES

|                            |                   |
|----------------------------|-------------------|
| Ascending and falling rack | 1 set             |
| Protective frame of rotor  | 1 No.             |
| Rotors                     | (No.1,2,3,4 each) |
| Power adapter              | 1 No.             |
| Spanner                    | 1 No.             |
| Screw driver               | 1 No.             |
| Socket                     | 1 set             |
