Incubator, Bacteriological, Memmert Type, Aluminium, Digital Temperature Controller with Fan

Product Image

Description

Incubators are suitable for variety of uses like drying of slides, paraffin embedding, tissue culture work incubation of anti-body test, microbiological determination, incubation of hydroxy steroids and crystallization studies. Incubators are suitable for temperature up to 80°C with an accuracy of +/- 1° C.

Construction : All external cases are made of mild steel, often with strong seamless welding & covered with a thick layer of stoved epoxy polyester paint, which provide a strong, highly screech & heat resistant surface for a long lasting attractive finish. Internal surfaces (Including the doors) are manufactured from aluminium with great care in order to eliminate sharp edges. The double walled chamber is filled with high grade insulation to prevent heat loss. They are put inside beads, placed at the bottom & in both the side ribs for uniform temperature. The door closes on to an asbestos gasket & fitted with a glass window. The shelves slide neatly into the fixed runners. The fixed ventilators are provided on both side of the wall. The incubator is mounted on four rubber feet to prevent slipping & this protects the bench surface. The control panel houses a main on/off switch indicator lamp & temperature setting knob. Oven is controlled with capillary type thermostat. Incubator is provided with digital temperature controller cum indicator. It is also fitted with fan to ensure uniform heating in the chamber.

Particulars	Catalog No.
Incubator, Bacteriological, Memmert Type, Aluminium, Digital Temperature Controller with Fan, 300 x 300 x 300mm, 250 watts, 27 litre, 1 shelve	JA22160
Incubator, Bacteriological, Memmert Type, Aluminium, Digital Temperature Controller with Fan, 355 x 355 x 355mm, 300 watts, 45 litre, 2 shelves	JA22161
Incubator, Bacteriological, Memmert Type, Aluminium, Digital Temperature Controller with Fan, 405 x 405 x 405mm, 300 watts, 65 litre, 2 shelves	JA22162

Note: Custom-made incubators to your specific requirements like size, material, control mechanism, configuration, shelves or special needs available on demand.
