# Mass Mixer

## Product Image

## Description

These mass mixers are created by using high-quality stainless steel. It is a mixing machine with a strong gear drive and a mixing paddle. It rotates at a single speed and with a basic rotation. The stirrer circles around itself at a very slow pace, allowing for intimate mixing of

dry or wet tablet granulation, power, chemicals, food, and confectionery materials.

High Quality product for use in Pharmaceutical Industry and Laboratory. Following is made in compliance with International Quality Standards and are manufactured using high-grade components and materials.
