Oven, Hot Air, Memmert Type, Stainless Steel, High Temperature

Product Image

Description

It is suitable for application involving high temperature up to 300°C. It is provided with stainless steel chamber, filled with stainless steel heaters and special quality insulation (mineral wool).

Construction: All external cases are made of mild steel, with strong seamless welding & covered with a thick layer of stoved epoxy polyster paint. This provide a strong, highly screech & heat resistant surface for a long lasting attractive finish. Internal surfaces (including the doors) are manufactured from stainless steel, with great care in order to eliminate sharp edges. The shelves slide neatly into the fixed runners. The fixed ventilators are provided on both sides of the wall. The oven is mounted on four rubber feet to prevent slipping. The control panel houses a main On/Off switch & indicator lamp. Oven is provided with digital temperature controller and indicator. Provided with circulating fan for achieving uniform temperature throughout the chamber.

Particulars	Catalog No.
Oven, Hot Air, Memmert Type, Stainless Steel, High Temperature, 355 x 355 x 355mm, 800 watts, 45 litre, 2 shelves	JA22100
