Road Flexi Post

Product Image

Description

Road Flexi Post

Feature: The heart of the system unique reactive ES-Spring with the strength to support not only a flexi post but also an information safety sign panel. They are specially designed to withstand multiple high speed impact. They stay in place, providing continuity in a work zone & help reducing maintenance cost.

Their installation reduces injuries and vehicle damage resulting from collusion with side post or rigid delineator post on the road.

Catalog No.	Particulars
JH80330	Road Flexi Post
