## Description

---

The key design criteria is a unique combination of safety, wearer comfort, and distinctive modern styling features, to ensure stability, performance and high wearer acceptance by users in most arduous head protection environments.

**Light weight:**

300 grams, ensures highest ever wearer comfort, provides a balanced helmet designed for full shift and prolonged wearing.

**Ventilation:**

Optional ventilation holes, permits cross ventilation minimizing heat build up and improved wearer comfort.

**Versatile:**

30mm (complies with CE/ANSI) accessory slot for use with other protective equipment viz. Earmuffs, Face shields, etc.

**Added protection:**

Innovative rain channel deflects rain.

**Comfort:**

Well balanced light weight Shell with new eight - point synthetic head-harnesses and a deep ergonomic nape strap design.

**Head size adjustment:**

50-66 cms fits the widest range of head sizes for optimal safety and comfort.

**Material:**

High Density Polyethylene (HDPE) shell.

**Accessories:**

Sweatband, Chin straps, ratchet type head band, slot fix ear muffs and face shields.
