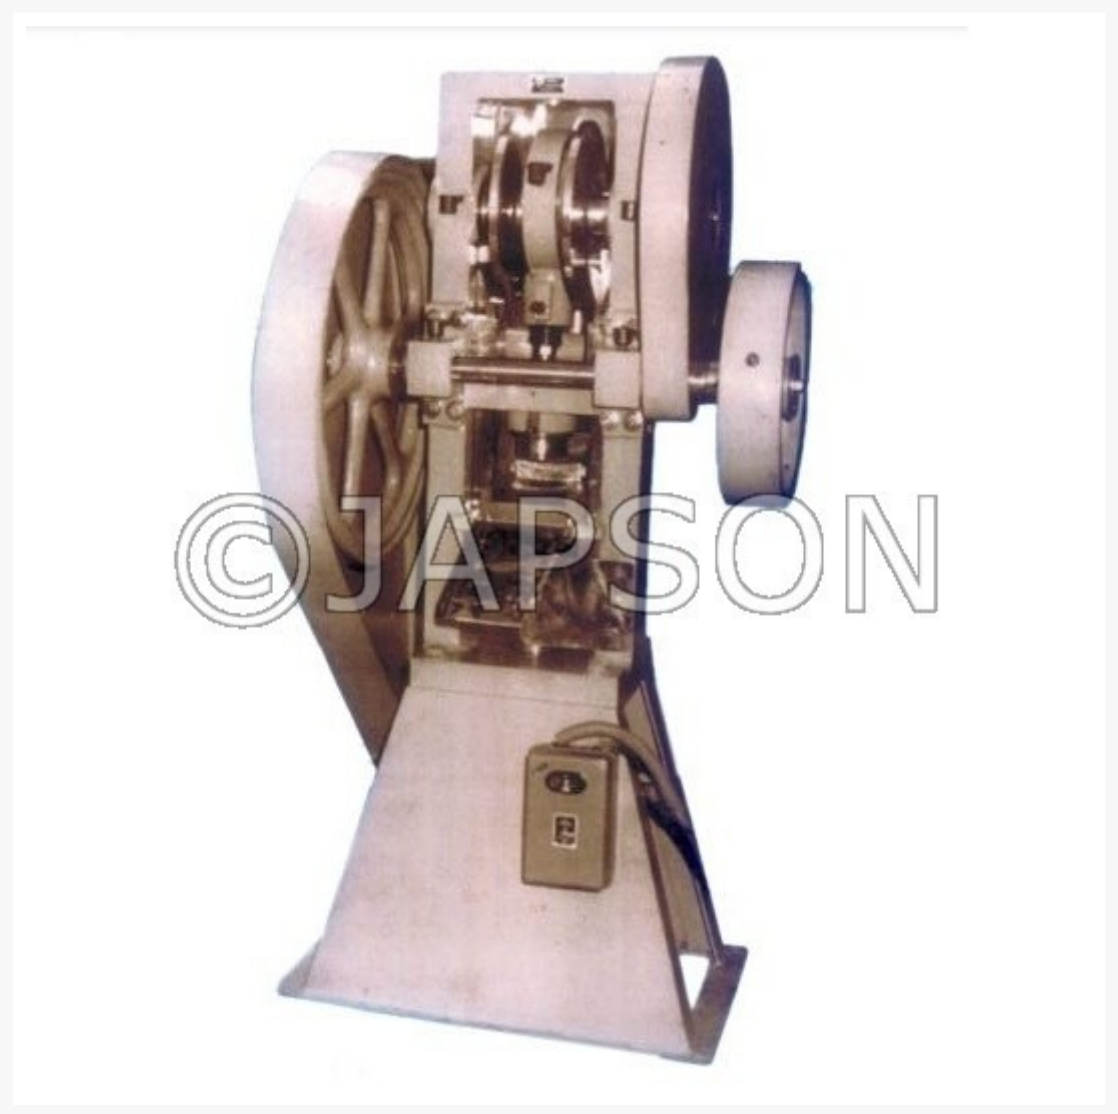
Single Punch Tablet Press

Product Image



Description

The single punch tablet press, also known as the eccentric press or single station press, is

the most basic tablet production machine. As the name indicates, a single punch tablet utilizes a single set of station tooling consisting of a die and a pair of upper and lower punches. Our offered Single Punch Tablet Press is a small yet powerful solution that is excellent for pharmacies, hospitals, and academic, pharmaceutical, and nutraceutical laboratories.

High Quality product for use in Pharmaceutical Industry and Laboratory. Following is made in compliance with International Quality Standards and are manufactured using high-grade components and materials.
