Spot Extractor for Lab Furniture

Product Image

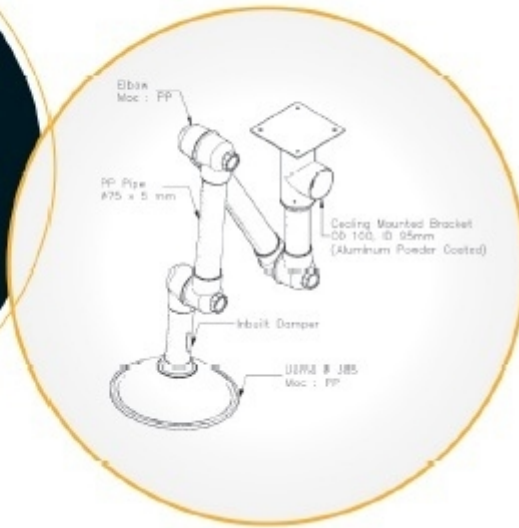

Description

- We offers rivetless spot Extractor made from high quality PP material along with inbuilt damper.
- Ideal for localized Extraction of fumes before it spreads to surrounding area and spoils entire area.
- Saves energy by reducing fresh air quantity (Due to localized applications).
- Can be installed in an array of number of such units for a large installation.
- Made from high chemical resistant PP material and can be used even for corrosive fumes.
- Flexible Connection pieces makes it even more adaptive to suck/throw air from any direction.
