Ticker Tape Timer, AC Type

Product Image

Description

It comprises of a spring mounted steel vibrator arm which carries a contact connected in series with a solenoid. The free end of the vibrator carries a marking point which strikes the paper tape through a disc of carbon paper, thus making the tapes once for each oscillation. It works on 6-9 volt, 1Amp. A.C. power supply. The instrument is mounted upon a base and 4mm brass socket terminals are provided for electrical connection. Complete with round carbon papers and roll of paper strip.

A quality product from JAPSON ideal for use in School Laboratories in developing countries of Asia, Africa and South America. Standard specifications for school laboratory use. Ideal mix of Quality and Economy. Other configurations and superior quality available for specific use or for developed countries. Our products are regularly supplied in Ministry of Education Tenders from India for School Physics, Chemistry, Biology, General Science and Mathematics Laboratory projects.
