Ticker Tape Timer, Regular Type

Product Image

Description

It comprises of a spring mounted steel vibrator arm which carries a contact connected in series with a solenoid. The free end of the vibrator carries a marking point which strikes the paper tape through a disc of carbon paper, thus making the tapes once for each oscillation. It works directly on AC 220 volts 50Hz AC connected by a plug. The instrument is mounted upon a thick wooden base and has on/off switch and indicator. Complete with round carbon papers and big roll of paper strip with stand.

A quality product from JAPSON ideal for use in School Laboratories in developing countries of Asia, Africa and South America. Standard specifications for school laboratory use. Ideal mix of Quality and Economy. Other configurations and superior quality available for specific use or for developed countries. Our products are regularly supplied in Ministry of Education Tenders from India for School Physics, Chemistry, Biology, General Science and Mathematics Laboratory projects.
